

Electric Palletizer & Lifter Handling

Suitability: This course is suitable for anyone who would like to learn the safe principles of transporting various loads from one place to another with the use of an Electric Palletizer & Lifter. It provides informational updates that constantly take place in the industry about the safe operations of these lifting equipment. This course is also suitable to renew an existing Electric Palletizer & Lifter qualification

Validity of Certificate: 3 years

Course Duration: 4 hours

Course Assessment: At the end of the Electric Palletizer & Lifter course, participants are assessed by a multiple choice assessment sheet to assess understanding of main topics and any weaknesses are addressed to by the tutor

Certification: Upon successfully completing the Electric Palletizer & Lifter course, each participant will be awarded with a certificate of competence

St Bernard's Safety Training Centre is qualified from The Independent Training Standards Scheme & Register (ITSSAR) of UK, to conduct Access Equipment and Machinery Training courses

The Electric Palletizer & Lifter course is made up of 5 sections, which are:

Introduction to Electric Palletizer & Lifter Operations

1. Electric Palletizer & Lifter Operations in the Industry
2. Components of an Electric Palletizer & Lifter
3. Accidents with Lifting Equipment
4. Consequence of Accidents
5. Do's & Don't

Health & Safety Legislation

6. Local Legislation & Regulations
7. Employer's Legal Requirements
8. Employee's Legal Requirements
9. Risk Assessing of Various Tasks
10. The Importance of Training

Manual Handling Hazards & Risks

11. Manual Handling Hazards and Risks
12. Risk Assessing of Manual Handling
13. Hierarchy of Control
14. Reducing Manual Handling Risks

Safety Operating Procedures

15. Electric Palletizer & Lifter Capacity Plate
16. Factors Affecting Stability
17. Hydraulic Controls
18. The Importance of Compiling & Filing of the Daily Pre-Use Inspection Checklist
19. Pre-Use Checklist
20. Procedures for Reporting Faults

Operating Safely an Electric Palletizer & Lifter

21. Personal Protective Equipment (PPE)
22. Body Positioning
23. Pallets
24. Loading Docks
25. Transporting Loads

26. Stacking & De-stacking Principles

27. Operating an Electric Palletizer & Lifter in Open & Confined Spaces

28. Parking of the Electric Palletizer & Lifter
